About CyberCity

For current practitioners and anyone looking to join the fast-growing cybersecurity industry, CyberCity is an all-day conference that brings together businesses, employees, and job-seekers that share a common passion.

Attendees with have an opportunity to:

- Enjoy informative and engaging presentations on a range of privacy and security topics
- Meet representatives from the region's security firms and academic institutions
- Network with similarly-interested people
- Speak with recruiters from companies currently hiring for security and privacy roles!
