

# One Does Not Simply... Protect Privacy

**How every team member has a role to play**

CYBERCITY  
CONFERENCE 10.01.19

Cat Coode-> C Code

CYBERCITY  
CONFERENCE 10.01.19

SECURITY – *You shall not pass!*

PRIVACY – *Keep it secret, keep it safe.*

# Hackers

... people in black hoodies

Or that one  
disgruntled  
employee

CYBERCITY  
CONFERENCE 10.01.19

## CISO/CSO

Responsible for security  
and privacy: both the  
plans and the people

CYBERCITY  
CONFERENCE 10.01.19

*Maybe the paths you each shall tread are laid out before your feet but though you do not see them*

- Privacy Architecture & Privacy by Design
- Data and Privacy Impact Assessment
- Data Access Rights Management
- Consent Management
- Incident Response Plan
- Employee Training

## DPO

Responsible for Privacy  
including regulations,  
vendor management and  
incident response

CYBERCITY  
CONFERENCE 10.01.19

## Product Development

Has to deal with privacy  
but doesn't get why its so  
important

CYBERCITY  
CONFERENCE 10.01.19

Engineers & Developers

Tasked with securing  
privacy at all costs

CYBERCITY  
CONFERENCE 10.01.19

IT

Responsible for assisting  
development, systems  
access, and  
authentication

CYBERCITY  
CONFERENCE 10.01.19

## Legal

Ensures legal compliance  
and protects the team  
during a breach

CYBERCITY  
CONFERENCE 10.01.19

## Customer Facing Team

Communicates what you  
are doing to protect  
privacy, understands not  
to give away too much

CYBERCITY  
CONFERENCE 10.01.19
